

REPUBLIC OF THE PHILIPPINES

# **NATIONAL DISASTER COORDINATING COUNCIL**

National Disaster Management Center, Camp Gen. Emilio Aguinaldo, Quezon City, Philippines

## **NDCC UPDATE**

### **Effects of Enhanced Southwest Monsoon Rains Induced by Two (2) Low Pressure Areas (LPAs) in Cagayan Province**

**Releasing Officer**

  
**BENITO T. RAMOS**  
Administrator, OCD and  
Executive Officer, NDCC

**DATE: 2 September 2010**

Source: DOST-PAGASA, Regions III and CAR

#### **1. Situation Overview:**

##### **Background**

- ❖ The two (2) LPAs estimated at 70 km and 740 km east of Cagayan (17.5°N, 123.0°E) and (17.5°N, 130.0°E) respectively are expected to bring occasional to frequent rains over Luzon and Visayas which may trigger flashfloods and landslides particularly the Northern and Central Luzon

##### **Effects**

##### **Weather Conditions**

Region III- Pampanga, Tarlac and Zambales (cloudy with intermittent moderate rains)  
Bulacan - Intermittent moderate to heavy rains

Nueva Ecija and Aurora - fair weather  
NCR - Metro Manila is experiencing light to moderate to heavy rains

##### **Flooded Areas**

NCR - Bayanihan St and Almazor St in Pasay City - foot deep  
Dona Soledad Extension, Brgy Moonwalk Las Piñas City - knee deep

Region III - No flooded areas reported

##### **Road Conditions**

- ❖ Region III - All roads and bridges within the region are passable to all types of vehicles

## **2. Actions Taken**

- ❖ NDCC OPCEN continuously issued weather advisories 1, 2 and 3 to Regions I, II, III, IV-A, IV-B, V, CAR and NCR through SMS and facsimile and uploaded same at the NDCC website for further dissemination to their respective local disaster coordinating councils from the provincial down to the municipal levels and the public as a whole
- ❖ Local DCCs concerned advised residents along low-lying areas to take all the necessary precautionary measures
- ❖ The Pasay City Rescue Team is on stand-by alert status to monitor floodwater levels and to provide support and assistance to the commuters in case massive flooding occurs in the city
- ❖ Volunteer groups and response committee teams of MMCRRMC are now on full alert and pre-emptive evacuation is recommended if situation worsens
