

# **NATIONAL DISASTER RISK REDUCTION & MANAGEMENT COUNCIL**

National Disaster Risk Reduction and Management Center, Camp Gen. Emilio Aguinaldo, Quezon City, Philippines

## **NDRRMC ADVISORY**

**TO : ALL CHAIRMEN, RDRRMCs, PDRRMCs, OCDRCs I, II, III, IV-A, IV-B, V, VI, VII, VIII, X, CARAGA, NCR and CAR**

**SUBJECT : WEATHER ADVISORY NUMBER 01 for Low Pressure Area**

**DATE : 05 November 2010, 11:00 AM**

Source: PAGASA

As of 8:00 AM today, a Low Pressure Area (LPA) was estimated at 190 km East Southeast of Virac, Catanduanes (13.5°N, 126.0°E). This weather disturbance is embedded along the Intertropical Convergence Zone (ITCZ) bringing cloudy skies scattered rainshowers and thunderstorms over Southern Luzon and Visayas becoming widespread rains over the eastern section of Southern Luzon and Samar which may trigger flashfloods and landslides.

Residents living in these areas are advised to take the necessary precautionary measures.

For more information, you may contact the Weather Division of PAGASA at telephone numbers: 927-1541, 926-4258 and 927-1335.

You are hereby directed to undertake precautionary measures in your AOR. Likewise, the public and Disaster Risk Reduction and Management Councils (DRRMCs) concerned are advised to take appropriate actions.

In order to better inform/warn communities, you are reminded to disseminate these through local/community leaders and through your local media, including community radio stations. Conduct press briefings as often as needed. This local effort will complement and reinforce efforts at the national level. Emphasis should be on proactive actions – evacuation rather than rescue.

Let us untiringly aim for zero casualties.

Submit report on actions taken.

**BY AUTHORITY OF THE CHAIRPERSON, NDRRMC:**

  
**USEC BENITO T. RAMOS**  
Executive Director, NDRRMC  
and Administrator, OCD
