

NATIONAL DISASTER RISK REDUCTION & MANAGEMENT COUNCIL

National Disaster Risk Reduction and Management Center, Camp Gen. Emilio Aguinaldo, Quezon City, Philippines

NDRRMC ADVISORY

TO : ALL CHAIRMEN, RDRRMCs, PDRRMCs, OCDRCs I, II, III, IV-A, IV-B, V, VI, VII, VIII, IX, X, XI, XII, CARAGA, NCR and CAR

**SUBJECT : WEATHER ADVISORY NUMBER 02
For LOW PRESSURE AREA (LPA)**

DATE : 12 October 2010, 3:30 PM

Source: PAGASA

As of 2:00 PM today, the Low Pressure Area (LPA) was estimated at 60 km West Northwest of Cebu City (10.0°N, 123.5°E). Meanwhile, another Low Pressure Area (LPA) was estimated at 910 km East of Visayas. These weather disturbances are embedded along the Intertropical Convergence Zone (ITCZ) affecting Central and Southern Luzon, Visayas and Mindanao bringing cloudy skies with scattered rainshowers and thunderstorms over these areas becoming widespread rains over Southern Luzon and Western Visayas which may trigger flashfloods and landslides.

Residents living in these areas are advised to take the necessary precautionary measures.

For more information, you may contact the Weather Division of PAGASA at telephone numbers: 927-1541, 926-4258 and 927-1335.

You are hereby directed to undertake precautionary measures in your AOR. Likewise, the public and Disaster Risk Reduction and Management Councils (DRRMCs) concerned are advised to take appropriate actions.

In order to better inform/warn communities, you are reminded to disseminate these through local/community leaders and through your local media, including community radio stations. Conduct press briefings as often as needed. This local effort will complement and reinforce efforts at the national level. Emphasis should be on proactive actions – evacuation rather than rescue.

Let us untiringly aim for zero casualties.

Submit report on actions taken.

BY AUTHORITY OF THE CHAIRPERSON, NDRRMC:

USEC BENITO T. RAMOS
Executive Director, NDRRMC
and Administrator, OCD
