NATIONAL DISASTER COORDINATING COUNCIL

National Disaster Management Center, Camp Gen. Emilio Aguinaldo, Quezon City, Philippines

NDCC ADVISORY

**TO : ALL CHAIRMEN, RDCCs, PDCCs, OCDRCs IV-A, IV-B, V, VI, VII
VIII & NCR**

SUBJECT : WEATHER ADVISORY NUMBER 02 for Low Pressure Area

DATE : 10:30 AM, 17 August 2010

Source: PAGASA Weather Advisory No. 2 issued at 10:30 AM, 17 Aug 2010

The Shallow Low Pressure Area (SLPA) was estimated based on satellite and surface data at 60 kms northwest of Catarman, Northern Samar (12.8°N, 124.2 °E). This weather system is expected to bring cloudy skies with scattered rains over Southern Luzon and Visayas which may trigger flashfloods and landslides.

Residents in these areas are advised to take all the necessary precautionary measures.

For more information, you may contact the Weather Division of PAGASA at telephone numbers: 927-1541, 926-4258 and 927-1335.

You are hereby directed to undertake precautionary measures in your AOR. Likewise, the public and Disaster Coordinating Councils (DCCs) concerned are advised to take appropriate actions.

In order to better inform/warn communities, you are reminded to disseminate these through local/community leaders and through your local media, including community radio stations. Conduct press briefings as often as needed. This local effort will complement and reinforce efforts at the national level. Emphasis should be on proactive actions – evacuation rather than rescue.

Let us untiringly aim for zero casualties.

Submit report on actions taken.

BY AUTHORITY OF THE CHAIRMAN, NDCC:

RONALD I. FLORES
Officer-In-Charge, OCD
