

REPUBLIC OF THE PHILIPPINES

# **NATIONAL DISASTER COORDINATING COUNCIL**

National Disaster Management Center, Camp Gen. Emilio Aguinaldo, Quezon City, Philippines

## **NDCC ADVISORY**

**TO : ALL CHAIRMEN, RDCCs, PDCCs, OCDRCs IV-A, IV-B & NCR**

**SUBJECT : WEATHER ADVISORY NUMBER 03 for Low Pressure Area**

**DATE : 10:45 AM, 18 August 2010**

*Source: PAGASA Weather Advisory No. 3 issued at 10:45 AM, 18 Aug 2010*

The Low Pressure Area (LPA) was estimated based on satellite and surface data at 290 kms northwest of Puerto Princesa City (11.5°N, 116.5 °E). This weather system is expected to bring cloudy skies with occasional to frequent rains over western section of Southern Luzon which may trigger flashfloods and landslides.

Residents in these areas are advised to take all the necessary precautionary measures.

For more information, you may contact the Weather Division of PAGASA at telephone numbers: 927-1541, 926-4258 and 927-1335.

You are hereby directed to undertake precautionary measures in your AOR. Likewise, the public and Disaster Coordinating Councils (DCCs) concerned are advised to take appropriate actions.

In order to better inform/warn communities, you are reminded to disseminate these through local/community leaders and through your local media, including community radio stations. Conduct press briefings as often as needed. This local effort will complement and reinforce efforts at the national level. Emphasis should be on proactive actions – evacuation rather than rescue.

Let us untiringly aim for zero casualties.

Submit report on actions taken.

**BY AUTHORITY OF THE CHAIRMAN, NDCC:**

  
**RONALD I. FLORES**  
Officer-In-Charge, OCD
