SUBJECT : WEATHER ADVISORY NUMBER 03 for Low Pressure Areas

DATE : 02 September 2010, 11:00 AM

Source: PAGASA

The two (2) Low Pressure Areas were estimated at 70 km and 740 km East of Cagayan (17.5°N, 123.0°E) and (17.5°N, 130.0°E), respectively are expected to bring occasional to frequent rains over Luzon and Visayas which may trigger flashfloods and landslides particularly the Northern and Central Luzon.

Residents along these areas are advised to take all the necessary precautionary measures.

For more information, you may contact the Weather Division of PAGASA at telephone numbers: 927-1541, 926-4258 and 927-1335.

You are hereby directed to undertake precautionary measures in your AOR. Likewise, the public and Disaster Coordinating Councils (DCCs) concerned are advised to take appropriate actions.

In order to better inform/warn communities, you are reminded to disseminate these through local/community leaders and through your local media, including community radio stations. Conduct press briefings as often as needed. This local effort will complement and reinforce efforts at the national level. Emphasis should be on proactive actions – evacuation rather than rescue.

Let us untiringly aim for zero casualties.

Submit report on actions taken.
