

NDRRMC ADVISORY

TO : ALL CHAIRMEN, RDRRMCs, PDRRMCs, OCDRCs I, II, III, IV-A, IV-B, V, VI, VII, VIII, IX, X, XI, XII, CAR, CARAGA, ARMM and NCR

FROM : Executive Director, NDRRMC and Administrator, OCD

SUBJECT : Weather Advisory **No. 6 for Low Pressure Area (LPA)**

DATE : **16 February 2012, 11:00 PM**

Source: PAGASA-DOST

I. OVERVIEW

- At 10:00 p.m. today, the Low Pressure Area (LPA) was estimated based on satellite and surface data at 140 km West Northwest of Dipolog City (9.0°N, 122.0°E). This weather system will bring cloudy skies with scattered rainshowers and thunderstorms over the entire archipelago becoming widespread rains over western sections of Central and Southern Luzon, Visayas and Western Mindanao.
- Residents living in low lying areas and along mountain slopes are advised to be on alert for possible occurrence of flashfloods and landslides.

You are hereby directed to monitor the situation and undertake precautionary measures in your area of responsibility (AOR). Likewise, the public and the Disaster Risk Reduction and Management Councils (DRRMCs) are advised to take appropriate actions.

In order to better inform/warn communities, you are reminded to disseminate these through local/community leaders and through your local media, including community radio stations. Conduct press briefings as often as needed. This local effort will complement and reinforce efforts at the national level. Emphasis should be on proactive actions – evacuation rather than rescue.

Let us untiringly aim for zero casualties.

Submit report on actions taken thereof.

BY AUTHORITY OF THE CHAIRPERSON, NDRRMC:

USEC. BENITO T. RAMOS
Executive Director, NDRRMC and
Administrator, OCD
