

REPUBLIC OF THE PHILIPPINES
NATIONAL DISASTER RISK REDUCTION AND MANAGEMENT COUNCIL

National Disaster Risk Reduction and Management Center, Camp Aguinaldo, Quezon City, Philippines

NDRRMC ADVISORY

TO : ALL CHAIRMEN, RDRRMCs, PDRRMCs, OCDRCs I, II, III, IV-A, IV-B, V, VI, VII, VIII, IX, X, XI, XII, CAR, CARAGA, ARMM and NCR

FROM : Executive Director, NDRRMC and Administrator, OCD

SUBJECT : Weather Advisory No. 8 for Low Pressure Area and Tail-end of a Cold Front

DATE : 17 February 2012, 11:00 PM

Source: PAGASA-DOST

I. OVERVIEW

At 10:00 p.m. today, the Low Pressure Area (LPA) was estimated based on satellite and surface data at 380 km West Southwest of Puerto Princesa City (9.4°N, 115.1°E).

Both low pressure area and tail-end of a cold front will bring mostly cloudy skies with scattered rainshowers and thunderstorms over the entire archipelago becoming cloudy with widespread rains over the eastern section of Luzon, western section of Visayas, northern and western section of Mindanao and over Palawan.

Residents living in low lying areas and along mountain slopes are advised to be on alert for possible occurrence of flashfloods and landslides.

You are hereby directed to monitor the situation and undertake precautionary measures in your area of responsibility (AOR). Likewise, the public and the Disaster Risk Reduction and Management Councils (DRRMCs) are advised to take appropriate actions.

In order to better inform/warn communities, you are reminded to disseminate these through local/community leaders and through your local media, including community radio stations. Conduct press briefings as often as needed. This local effort will complement and reinforce efforts at the national level. Emphasis should be on proactive actions – evacuation rather than rescue.

Let us untiringly aim for zero casualties.

Submit report on actions taken thereof.

BY AUTHORITY OF THE CHAIRPERSON, NDRRMC:

USEC. BENITO T. RAMOS
Executive Director, NDRRMC and
Administrator, OCD
