

NDRRMC UPDATE

Weather Advisory No. 1 **Active Low Pressure Area (ALPA)**

Releasing Officer:

FUSEC BENITO T. RAMOS
Executive Director, NDRRMC and
Administrator, OCD

DATE : 25 June 2012

Source: PAGASA-DOST

I. OVERVIEW

- At 8 AM today, the Active Low Pressure Area (ALPA) was estimated based on satellite and surface data at 930 km east of Borongan, Eastern Samar (11.8°N, 134.0°E). The other low pressure area east of Southern Luzon has now dissipated.
- The ALPA is expected to bring scattered to widespread rains over Bicol Region and Eastern Visayas.
- Residents living in low lying areas and along mountain slopes are advised to be on alert for possible occurrence of flashfloods and landslides.

II. ACTION/S TAKEN

- **NDRRMC Weather Advisory No. 1 for Active Low Pressure Area (ALPA)** was disseminated to all OCD Regions through facsimile and website for further dissemination to their respective Local Disaster Risk Reduction and Management Councils (LDRRMCs) from the provincial down to the municipal levels
