

NDRRMC UPDATE

Update on Food Poisoning Incident in Bataan

Releasing Officer:

USEC BENITO T. RAMOS
Executive Director, NDRRMC and
Administrator, OCD

DATE: 25 May 2012, 8:00 AM

Sources: OCDRC III

I. Situation Overview

- As of reporting time, **96** victims have been recorded due to food poisoning
- Most of the victims were children with age ranging from 2 to 17 years old, all reported to have eaten "dirty ice cream"

II. Effects

- Of the 96 victims:
 - **64** remain confined at the following hospitals:
 - **59** victims at Bataan General Hospital, Balanga City
 - **3** victims at Isaac Catalina Medical Center
 - **2** victims at St. Joseph Hospital
 - **31** out-patient cases
 - **1** went home against medical advice (HAMA)

III. Actions Taken

- Balanga DRRMC and Bataan Provincial DRRMC continuously provides free medical assistance to the victims
- Bataan PDRRMC and OCD3 visited the victims confined at the hospitals
