**No Public Storm Warning Signals Raised**

- With this development, this is the final bulletin on this weather disturbance.
- However, this disturbance will continue to enhance the Southwest Monsoon and bring occasional rains over Luzon particularly over the western section.
- Meanwhile, a Low Pressure Area (LPA) was estimated based on satellite and surface data at 450 km East of Mindanao (7.0°N, 130.0°E).

## II. ACTION/S TAKEN

### NDRRMC–OPCEN

- Disseminated **Severe Weather Bulletin No. 17 (FINAL) on Typhoon “AMBO”** to all OCD Regional Centers through SMS and facsimile and uploaded same at the NDRRMC website for further dissemination to their respective local disaster risk reduction and management councils (LDRRMCs) from the provincial down to the municipal levels
  - Directed RDRRMCs concerned through the OCD Regional Centers to undertake precautionary measures in their area of responsibility (AOR) and subsequently advised local DRRMCs to initiate pre-emptive evacuation of families in low-lying and mountainous areas if situation warrants.
-
