PUBLIC STORM WARNING SIGNAL			
Signal No. 1 (30-60kph winds)	Catanduanes Camarines Sur Camarines Norte	Polilio Island Aurora	Cagayan Isabela

- Residents in low lying and mountainous areas under Public Storm Warning Signal # 1 are alerted against possible flashfloods and landslides.
- Estimated rainfall amount is from 15 - 25 mm per hour (heavy) within the 500 km diameter of the Tropical Storm.
- TS “AMBO” is expected to enhance the Southwest Monsoon that will bring rains over Central and Southern Luzon and Visayas.
- Fishing boats and other small seacrafts are advised not to venture out into the Eastern seaboards of Luzon and Visayas

II. ACTION/S TAKEN

NDRRMC–OPCEN

- Disseminated Severe Weather Bulletin No. 6 on Tropical Storm “AMBO” to all OCD Regional Centers through SMS and facsimile and uploaded same at the NDRRMC website for further dissemination to their respective local disaster risk reduction and management councils (LDRRMCs) from the provincial down to the municipal levels
- Directed RDRRMCs concerned through the OCD Regional Centers to undertake precautionary measures in their area of responsibility (AOR) and subsequently advised local DRRMCs to initiate pre-emptive evacuation of families in low-lying and mountainous areas if situation warrants
