PUBLIC STORM WARNING SIGNAL	
Signal No. 1 (30-60kph winds)	Aurora Isabela Cagayan including Babuyan Island and Batanes Group of Islands

- Residents in low lying and mountainous areas under Public Storm Warning Signal # 1 are alerted against possible flashfloods and landslides.
- Estimated rainfall amount is from **15 - 25** mm per hour (heavy) within the **400** km diameter of the Tropical Storm.
- TS "AMBO" is expected to enhance the Southwest Monsoon that will bring rains over Central and Southern Luzon and Visayas.
- Fishing boats and other small seacrafts are advised not to venture out into the Eastern seaboard of Luzon and Visayas

II. ACTION/S TAKEN

NDRRMC-OPCEN

- Disseminated **Severe Weather Bulletin No. 7 on Tropical Storm "AMBO"** to all OCD Regional Centers through SMS and facsimile and uploaded same at the NDRRMC website for further dissemination to their respective local disaster risk reduction and management councils (LDRRMCs) from the provincial down to the municipal levels
- Directed RDRRMCs concerned through the OCD Regional Centers to undertake precautionary measures in their area of responsibility (AOR) and subsequently advised local DRRMCs to initiate pre-emptive evacuation of families in low-lying and mountainous areas if situation warrants
