

NDRRMC UPDATE

**Republic of Korea's 3rd Science and Technology Satellite-2
(STSAT-2) re-launch aboard Korea Space Launch Vehicle-I (KSLV-I)**

Releasing Officer:

A handwritten signature in black ink, appearing to read 'Benito T. Ramos', is positioned above the official title of the releasing officer.

USEC BENITO T. RAMOS
Executive Director, NDRRMC and
Administrator, OCD

DATE : 14 November 2012

In reference to the Daily Situation Update (DSU) forwarded by the Philippine Defense and Armed Forces Attaché (PHILDAFA) in Seoul, South Korea on the updates of the launching of Naro Rocket, Pres. Kim Seung-jo of the Korea Aerospace Research Institute (KARI) informed that a launch by the 24th would be unlikely if the adapter block from Russia does not arrive today, 14 November 2012.

In view of this, the **NO SAIL ZONE, NO FLY ZONE, NO FISHING ZONE Policy** is temporarily lifted effective today, 14 November 2012 until further notice. However, continuous monitoring is hereby advised.
