### PUBLIC WARNING:

People living near the mountain slopes and low-lying areas near the above-mentioned cities and municipalities and the **Local Disaster Risk Reduction and Management Councils** (LDRRMCs) concerned are **advised to take precautionary measures.**

Further, local flooding is possible in urban and agricultural areas due to or drainage system and impounding water.

In order to better inform/warn communities, you are reminded to disseminate these through local/community leaders and through your local media, including community radio stations. Conduct press briefings as often as needed. This local effort will complement and reinforce efforts at the national level. Emphasis should be on proactive actions – evacuation rather than rescue.

Let's untiringly aim for zero casualty.

Submit report on actions taken.

**BY AUTHORITY OF THE CHAIRPERSON, NDRRMC:**

for:

  
**UNDERSECRETARY RICARDO B JALAD**  
Executive Director, NDRRMC and  
Administrator, OCD
