Sta. Barbara Station/ Sinocalan River (Allied)	Now at 7.55 M still above critical water expected to level off within the next 12 hours	Flooding is expected to persist	Sta. Barbara, Calasiao, Dagupan City, and portions of Binmaley
Mapandan Station/ Angalacan	Now at 1.70 M slow recession to reach below 2.23 M alert	Flooding is still possible	Mapandan, San Fabian, and Mangaldan

River (Allied)	water level	
Flooding due to poor drainage system & accumulation of rainwater in the low-lying urbanized areas		Dagupan City and Urdaneta City
Minor coastal flooding in the low-lying seashore areas		San Fabian, Dagupan City, and Lingayen
The Residents and the Local Disaster Risk Reduction and Management Councils (DRRMCs) concerned are strongly advised to take appropriate action		

PUBLIC WARNING:

People living near the low-lying areas particularly those adjacent to and along the above mentioned rivers are alerted against possible landslides and flashfloods and the Disaster Risk Reduction and Management Councils (DRRMC) concerned are advised to take appropriate actions.

Let's untiringly aim for zero casualties.

Submit report on actions taken.

BY AUTHORITY OF THE CHAIRPERSON, NDRRMC:

USEC. RICARDO B. JALAD
 Executive Director, NDRRMC and
 Administrator, OCD
