DATE : 18 September 2018

Source: PAGASA-DOST Issued at 5:00 PM, 18 September 2018

AVERAGE BASIN RAINFALL:

Past 24-hrs ending at **4:00 PM** today: **0 mm**

Forecast 24-hrs: **Less than 5 mm**

Valid until 5:00 AM, 19 September 2018 unless there is an intermediate Bulletin.

Expected Basin Response

Water Level/Raingauge Station	River/Lake/Swamp Trend at Station	Flood Situation Message	Low-lying areas likely to be affected
Arayat Station, Pampanga River	Now at 8.05 m / slow recession to continue to reach below 6.0 m alarm wl by tomorrow	Flooding to persist at low-lying riverside areas until late today	Cabiao and Arayat
Candaba Station, Candaba Swamp	Now at 6.25 m / very slow recession in effect to reach below 6.0 m by tomorrow	Flooding to persist for several days	Candaba, San Miguel (w/in swamp area), San Ildefonso (w/in swamp area), San Luis, San Simon, Apalit, Calumpit and Pulilan
Zaragoza Station, Rio Chico River	Still above 4.0 m (45 m is critical wl); slow recession to continue to reach below 2.5 alarm wl by thursday	Flooding to remain at low-lying riverside areas until tomorrow	La Paz, Concepcion , Zaragoza, San Antonio and Cabiao
Sulipan Station,	Now at 3.46 m /	Flooding to persist	Macabebe,

Pampanga River	slow fluctuating recession below 3.8 m critical wl; to reach below 3.2 m alarm wl late today	for several days	Masantol, Apalit, Calumpit, Hagonoy and Paombong
Coastal flooding along low-lying areas affected by tides and the slow descent of floodwaters from upper main Pampanga River; Remnants of ponded rainwater at relatively low-lying areas particularly those with poor drainage system.			Pampanga-Bulacan Delta areas; Pasac-Guagua Sub-basin
The public and the local disaster risk reduction and management councils (LDRRMCs) concerned are advised to take appropriate actions to mitigate the adverse impacts of riverine flooding coupled with high tides.			

People living near the mountain slopes and low-lying areas near the above mentioned rivers and streams are advised to be alert for possible flashfloods and landslides, and the local disaster risk reduction and management councils concerned are advised to be alert and take appropriate actions.

Let's untiringly aim for zero casualties.

Submit report on actions taken.
