	Delta Areas)
Residents and Local Disaster Risk Reduction and Management Councils (LDRRMCS) concerned are advised to continue to take precautionary measures to mitigate the adverse impacts of riverine flooding and flooding due to ponding combined with the effects of tides, including those areas with poor drainage systems.	

**PUBLIC WARNING:**

People living near the low-lying areas particularly those adjacent to and along the above-mentioned rivers are alerted against possible landslides and flashfloods and the Disaster Risk Reduction and Management Councils (DRRMCs) concerned are advised to take appropriate actions.

Let's untiringly aim for zero casualties.

Submit report on actions taken.

**BY AUTHORITY OF THE CHAIRPERSON, NDRRMC:**

  
**USEC. RICARDO B. JALAD**  
Executive Director, NDRRMC and  
Administrator, OCD
