People living near the mountains slopes and in the low-lying areas of the above-mentioned river systems and the Local Disaster Risk Reduction and Management Councils (LDRRMCs) concerned are **advised to take necessary precautionary measures**.

You are hereby directed to monitor the situation and undertake precautionary measures in your area of responsibility (AOR). Likewise, the public and the DRRMCs are advised to take appropriate actions, as necessary.

In order to better inform/warn communities, you are reminded to disseminate these through local/community leaders and through your local media, including community radio stations. Conduct press briefings as often as needed. This local effort will complement and reinforce efforts at the national level. Emphasis should be on proactive actions – evacuation rather than rescue.

Let's untiringly aim for zero casualties.

Submit report on actions taken.

BY AUTHORITY OF THE CHAIRPERSON, NDRRMC:

• **USEC RICARDO B JALAD**
Executive Director, NDRRMC and
Administrator, OCD
