SIPOCOT SIPOCOT R.	SLOW RECESSION OF WATER LEVEL	FLOODING IS NO LONGER THREATENING	CABUSAO, LIBMANAN, SIPOCOT
CALZADA BICOL R.	SLOW RECESSION OF WATER LEVEL	FLOODING IS NO LONGER THREATENING	OAS, LIBON
UNLESS SIGNIFICANT RAINFALL OCCURS, THIS WILL BE THE FINAL BULLETIN FOR THE			

AFOREMENTIONED AREAS

People living near the mountain slopes and low-lying areas near the above mentioned rivers and streams are advised to be alert for possible flashfloods and landslides, and the local disaster risk reduction and management councils concerned are advised to be alert and take appropriate actions.

In order to better inform/warn communities, you are reminded to disseminate these through local/community leaders and through your local media, including community radio stations. Conduct press briefings as often as needed. This local effort will complement and reinforce efforts at the national level. Emphasis should be on proactive actions – evacuation rather than rescue.

Let's untiringly aim for zero casualties.

Submit report on actions taken.

BY AUTHORITY OF THE CHAIRPERSON, NDRRMC:

A handwritten signature in black ink, appearing to be 'Ricardo B. Jalad', written over a circular stamp or seal.
