PUBLIC WARNINGS:

People living near the mountain slopes and in the low lying areas of the above mentioned river systems and the Local Disaster Risk Reduction and Management Councils concerned are still advised to take precautionary measures and be alert for possible landslides and flashfloods.

In order to better inform/warn communities, you are reminded to disseminate this through local/community leaders and through your local media, including community radio stations. Conduct press briefings as often as needed. This local effort will complement and reinforce efforts at the national level. Emphasis should be on proactive actions – evacuation rather than rescue.

Let's untiringly aim for zero casualties.

Submit report on actions taken.

ACTIONS TAKEN:

NDRRMC Advisory was disseminated to **OCD/RDRRMC III, VII and IX** through facsimile, SMS and website for further dissemination to their Local Disaster Risk Reduction and Management Councils (LDRRMCs) from the provincial down to the municipal levels.
