

**MEMORANDUM FOR THE SND and CHAIRPERSON, NDRRMC**

THRU : USND
USCVRA

FROM : Executive Director, NDRRMC and Administrator, OCD

SUBJECT : General Flood Advisory No. **03 (FINAL)** for Pampanga River Basin and Allied Rivers

DATE : **9 December 2014**

Source: PAGASA-DOST

FORECAST 24-HR RAINFALL: Light to moderate rains

Improving weather conditions expected over the Basin in the next **48 hours**. Flooding associated with tropical depression Ruby has diminished. River stages remain relatively low, way below their respective alert levels.

PUBLIC WARNINGS:

Communities along mountainside slopes are alerted for possible landslides; people living in the low-lying areas particularly areas adjacent to or along the above-mentioned waterways and the Local Disaster Risk Reduction Management Councils concerned are advised to be alert for possible flashfloods and eventual river flooding.

ACTION/S TAKEN:

NDRRMC Advisory on **General Flood Advisory No. 03 (FINAL) for Pampanga River Basin and Allied Rivers** was disseminated to **OCD Region III** through facsimile, SMS and website for further dissemination to their respective Local Disaster Risk Reduction and Management Councils (LDRRMCs) from the provincial down to the municipal levels.

For the information of the SND and Chairperson, NDRRMC.
