Forecast 24-Hr Rainfall: Light to Occasionally Moderate Rains

WATERCOURSES LIKELY TO BE AFFECTED	<ul style="list-style-type: none">• Allied River Basin of Pasac-Guagua: Abacan, Pasig-Potrero, Porac-Gumain Rivers, and other streams and creeks within the said sub-basin• Ponding of rainwater at relatively low-lying areas.
---	--

PUBLIC WARNING:

Major river channels within the basin will remain below alert levels. Residents and local Disaster Risk Reduction and Management Councils (DRRMC's) adjacent to and/or along the abovementioned waterways are still advised to remain alert for possible minor flooding at some riverside areas of said waterways.

Unless no significant developments in the weather condition within the basin occurs, this is the final advisory for the Pampanga River Basin.

ACTION/S TAKEN:

NDRRMC Flood Bulletin No. 04 for Pampanga River Basin and Allied Rivers was disseminated to OCD Region III and NCR through facsimile, SMS and website for further dissemination to their respective Local Disaster Risk Reduction and Management Councils (LDRRMCs) from the provincial down to the municipal levels.
