

NDRRMC ADVISORY

TO : CHAIRPERSON, RDRRMCs/OCDROs I, II, III, CALABARZON, MIMAROPA, V, VI, VII, VIII, IX, X, XI, XII. CARAGA, NCR, CAR, and ARMM

FROM : Executive Director, NDRRMC and Administrator, OCD

SUBJECT : Severe Weather Bulletin No. 6A for Severe Tropical Storm "DINDO" (I.N. HAGUPIT)

DATE : 03 August 2020, 5:00 AM

Source: DOST-PAGASA

"DINDO" INTENSIFIES INTO A SEVERE TROPICAL STORM AND IS NOW OVER THE YAEYAMA ISLANDS IN SOUTHERN RYUKYUS.

Track and intensity outlook:

- On the forecast track, Severe Tropical Storm DINDO is forecast to continue moving northwestward **towards the East China Sea and exit the Philippine Area of Responsibility (PAR) this morning. It is likely to make landfall over Zhejiang Province in eastern China tomorrow early morning as a Severe Tropical Storm.**

Hazards affecting land:

- This tropical cyclone has no direct impact on the country at the moment. No tropical cyclone wind signal is in effect over the country.
- Today, occasional rains (light to moderate with at times heavy) due to the Southwest Monsoon will be experienced over Batanes and Babuyan islands.** The public and local disaster risk reduction and management offices concerned are advised to monitor the Rainfall/Thunderstorm Advisories and Heavy Rainfall Warnings from PAGASA Regional Services Divisions and take appropriate measures.

Hazards affecting coastal waters:

- A Gale Warning is in effect over the **northern and western seabords of Northern Luzon and the western seabords of Central Luzon.** Sea travel is risky over these areas due to rough to very rough seas (2.5 to 4.5 m).
- Those with small seacrafts are advised to take precautionary measures while venturing out over the other seabords of Luzon due to moderate to rough seas (1.2 to 2.6 m).

Location of eye/center:	At 4:00 AM today , the center of Severe Tropical Storm "DINDO" was estimated based on all available data at 475 km North Northeast of Basco, Batanes (24.4°N, 123.7°E).
Strength:	Maximum sustained winds of up to 95 km/h near the center and gustiness of up to 115 km/sh.

Movement:	Moving Northwestward at 15 km/h.
Forecast Positions:	<ul style="list-style-type: none"> • 24 Hour (Tomorrow morning): 835 km North of Extreme Northern Luzon (OUTSIDE PAR) (27.9°N, 121.1°E) • 48 Hour (Wednesday morning): 1,400 km Extreme Northern Luzon (OUTSIDE PAR) (32.8°N, 119.4°E)
NO TROPICAL CYCLONE WIND SIGNAL	
The public and the disaster risk reduction and management council concerned are advised to take appropriate actions and watch for the next Severe Weather Bulletin to be issued at 11:00 AM today.	

In order to better inform/warn communities, you are reminded to disseminate these through local/community leaders and through your local media, including community radio stations. Conduct press briefings as often as needed. This local effort will complement and reinforce efforts at the national level. Emphasis should be on proactive actions – evacuation rather than rescue.

Moreover, you are hereby directed to reiterate the guidelines on personal protection and hygiene such as respiratory etiquette and hand hygiene, social distancing, environmental, and food safety measures.

Let's untiringly aim for zero casualty.

Submit report on actions taken.

BY AUTHORITY OF THE CHAIRPERSON, NDRRMC:

(SGD.)

UNDERSECRETARY RICARDO B JALAD
Executive Director, NDRRMC and
Administrator, OCD
