Initial Report re Vehicular Accident in Sitio Baluno, Cawit, Zamboanga City

A. SITUATION OVERVIEW

On or about 10:40 AM, 15 October 2016, a vehicular accident transpired at Zone 1A, Cawit, Zamboanga City (West Coast). One (1) Public Utility Jeepney with eighteen (18) passengers while traversing to Brgy. Cawit lost its brake. The driver decided to stop the vehicle by hitting an electrical post. However, due to the high velocity of the vehicle, it resulted to the rolling over of the unit.

B. EFFECTS

A total of eighteen (18) persons were injured due to the incident. They were brought to Zamboanga City Medical Center for immediate care and for constant observation.

C. ACTIONS TAKEN

- a. OCD IX coordinated with the Department of Health – HEMB IX for confirmation and details of the said report.
- b. OCD IX is closely monitoring the situation for significant updates and for concerns that need immediate attention.
