NDRRMC UPDATE

SitRep No. 02 re Observance of Holy Week (Semana Santa) 2019

Releasing Officer:

USEC RICARDO B. JALAD
Executive Director, NDRRMC and
Administrator, OCD

DATE : 18 April 2019, 6:00 PM

Sources: DOST-PAGASA, DSWD, DOH, and OCDRCs I, II, III, CALABARZON, MIMAROPA, V, VI, VII, VIII, IX, X, XI, XII, CAR, and NCR

I. SITUATION OVERVIEW

The Lenten Season or *Semana Santa* is a significant annual observance of the majority of the Roman Catholics to go to places of worship to reflect and for some it is an opportunity for families to spend time together during the long holiday.

It begins on Palm Sunday and continues on through Maundy Thursday, when businesses in the Philippines either shut down its operations until Black Saturday. Many communities observe Spanish-influenced Catholic rituals such as processions, with many having been practiced with pre-Hispanic beliefs.

Easter Sunday culminates the celebration of *Semana Santa*, viewed as the greatest feast of the Church year. It is one of the most festive events, a day of joy and celebration for the faithful commemorating Jesus Christ's resurrection from the dead.

II. SPECIAL WEATHER OUTLOOK FOR THE LENTEN SEASON (15-21 March 2019)

The easterlies will be the dominating weather system to affect the entire archipelago during the celebration of SEMANA SANTA.

On 15-17 April 2019, the whole country will have warm and humid weather condition apart from scattered rainshowers and thunderstorms in the afternoon particularly over Northern and Central Luzon.

On Maundy Thursday until Easter Sunday (April 18-21), mostly cloudy skies with scattered rainshowers and thunderstorms will prevail over Visayas and Mindanao due to Easterlies. The rest of the country will have warm and humid weather condition apart from passing isolated rainshowers and thunderstorms in the afternoon.

Light to moderate winds will be coming from the east and southeast with slight to moderate coastal waters.

III. WEATHER CONDITION (18 April 2019, 4:00 PM)

Synopsis: Easterlies affecting Southern Luzon, Visayas, and Mindanao

Palawan, Visayas, and Mindanao will experience partly cloudy to cloudy skies with isolated rainshowers or thunderstorms caused by easterlies. Impacts include possible flash floods during severe thunderstorms.

Metro Manila and the rest of the country will experience partly cloudy to cloudy skies with isolated rainshowers or thunderstorms caused by localized thunderstorms. Impacts include possible flash floods during severe thunderstorms.

IV. EFFECTS

A. INCIDENT MONITORED

- On April 16, 2019, 1:30 PM, a vehicular accident transpired along San Jose OG Road. One (1) injured victim was identified as Noel Samonte, 28 y/o male, residing in Brgy. San Jose Guagua, Pampanga. The victim has been provided first aid and brought to DPMMH.

V. DISASTER PREPAREDNESS

B. National Disaster Risk Reduction and Management Council

1. NDRRM Operations Center (NDRRMOC)

- The Alert Status was raised to BLUE at the NDRRM Operations Center effective 18 April 2019, 8:00 AM.
- On 12 April 2017, issued Memorandum No. 39, s. 2019 to all Chairpersons, RDRRMCs/OCD Regional Directors directing them to raise their respective operations centers' alert status to BLUE ALERT, to continuously monitor their respective area of responsibilities (AORs), report untoward incidents to the NDRRMOC Operations Center, and undertake precautionary measures if situation warrants.
- Likewise, a memorandum was sent to NDRRMOC Member Agencies to monitor, record, document, consolidate, and report all related incidents with various activities and actions taken by their agency and local offices in their respective AOR and to submit their preparedness measures report and the corresponding situational report/update thereon. A text message was also disseminated to NDRRMOC Member Agencies and RDRRMCs/OCDRCs to that effect.

2. Department of Social Welfare and Development (DSWD)
