I. Progress Report re Flashflood Incident in Tugbok District and Talomo District, Davao City (Region XI)

A. Situation Overview

PAGASA Mindanao Weather Forecast issued at 4:00PM on August 28, 2019, Zamboanga Peninsula will have cloudy skies with scattered rainshowers and thunderstorms due to Southwest Monsoon. Rest of Mindanao will experienced partly cloudy to cloudy skies with isolated rainshowers due to Localized Thunderstorms. Moderate to strong winds from Southwest with moderate to rough seas.

Currently, Davao Region is experiencing cloudy to very cloudy skies with scattered and intermittent light to moderate rainshowers.

On or about 04:30 PM of August 28, 2019, moderate to heavy rains were experienced in Davao City particularly in Tugbok District and Talomo District resulting in overflow of Talomo River that caused major flooding in the area. Affected areas are Wangan Technical School and Balengaeng Los Amigos in Tugbok District, Ulas, Taal 1 and Taal 2 in Bangkal, Talomo Teachers Village in Brgy. Talomo and Morio-Morio Village in Matina Pangi, all in Davao City.

Ongoing assessment and forced evacuation were conducted by Davao CDRMO to the affected barangays. Temporary evacuation are in Los Amigos Evacuation Center in Tugbok area and Brgy. Halls for other affected Barangays.

PAGASA Mindanao Weather Forecast issued at 4:00AM on August 29, 2019, Mindanao will have partly cloudy to cloudy skies with isolated rainshowers due to Localized Thunderstorms. Moderate to strong winds from Southwest with moderate to rough seas.

Currently, Davao Region is experiencing cloudy to very cloudy skies with scattered and intermittent light to moderate rain showers.

Moderate to heavy rainshowers with possible lightning and strong winds are

being experienced in some areas of Mindanao especially in the areas of Davao de Oro, Davao del Norte and Davao City.
