

## NDRRMC UPDATE

### Severe Weather Bulletin No. 9 for Typhoon "PERLA" (NEOGURI)

Releasing Officer:

  
**UNDERSECRETARY RICARDO B JALAD**  
Executive Director, NDRRMC  
and Administrator, OCD

**DATE : 19 October 2019, 11:00 PM**

Source: DOST-PAGASA issued on 19 October 2019, 11:00 PM

#### **"PERLA" INTENSIFIES INTO A TYPHOON WHILE MOVING SLOWLY NORTHWARD.**

- PERLA intensified into a Typhoon at 8:00 PM today.
- No tropical cyclone wind signal is in effect over any part of the country. However, occasional gusts may occur over Extreme Northern Luzon until early next week due to the prevailing northeasterly surface wind flow.
- "PERLA" is still forecast not to bring significant high-impact weather over Extreme Northern Luzon. However, residents and disaster managers in Extreme Northern Luzon are still advised to continue monitoring for updates.
- Sea travel is risky, especially for small sea vessels, over the seaboard of Northern Luzon due to potentially rough sea conditions associated with the northeasterly surface wind flow.
- "PERLA" is forecast to exit the Philippine Area of Responsibility (PAR) between tomorrow (20 October) evening and Monday (21 October) morning.
- At 10:00 PM today, the center of Tropical Storm "BUALOI" outside the PAR was estimated based on all available data at 3,045 km East of Visayas (10.8°N, 153.6°E) with maximum sustained winds of 65 km/h near the center and gustiness of up to 80 km/h. It is moving North slowly and is less likely to enter the PAR.

<b>Location of eye/center:</b>	At <b>10:00 PM</b> today, the eye of Typhoon "PERLA" was located based on all available data at 580 km East Northeast of Basco, Batanes ( <b>22.0°N, 127.3°E</b> ).
<b>Strength:</b>	Maximum sustained winds of up to <b>120 km/h</b> near the center and gustiness of up to <b>150 km/h</b> .
<b>Movement:</b>	<b>Moving North Slowly</b>
<b>Forecast</b>	<ul style="list-style-type: none"><li>• <b>24 Hour (Tomorrow evening): 750 km Northeast of Basco,</b></li></ul>

<b>Positions:</b>	<b>Batanes (24.2°N, 128.0°E)</b> <ul style="list-style-type: none"> <li>• <b>48 Hour (Monday evening): 1,285 km Northeast of Basco, Batanes (Outside PAR) (28.2°N, 131.4°E)</b></li> </ul>
NO TROPICAL CYCLONE WIND SIGNAL	
<p>The public and the Disaster Risk Reduction and Management Council concerned are advised to take appropriate actions and watch for the next update to be incorporated in the 4:00 AM Public Weather Forecast and in the next Severe Weather Bulletin to be issued at <b>11:00 AM tomorrow</b>.</p>	

**ACTIONS TAKEN:**

NDRRM Operations Center cascaded Severe Weather Bulletin No. **09** for TY “PERLA” to all OCD Regional Offices through SMS and facsimile and uploaded in the NDRRMC website for further dissemination to their respective local DRRMCs from the provincial down to the municipal levels.
