

NDRRMC UPDATE

Weather Advisory No. 01 for Low Pressure Area (LPA)

Releasing Officer:

UNDERSECRETARY RICARDO B JALAD
Executive Director, NDRRMC
and Administrator, OCD

DATE : 28 October 2019, 11:00 AM

Source: PAGASA-DOST

I. SITUATION OVERVIEW:

At 10:00 AM, 28 October 2019, the Low Pressure Area (LPA) was estimated based on all available data at 220 km East Southeast of Puerto Princesa City, Palawan (9.3 °N, 120.7 °E). This LPA is expected to develop into a Tropical Depression within 24 to 36 hours. This LPA will bring light to moderate with intermittent heavy rains over Bicol Region, MIMAROPA, Aurora, and Quezon. Residents in these areas are advised to take precautionary measures against possible flashfloods in low lying areas and landslides over mountainous areas.

The public and Disaster Risk Reduction and Management offices concerned are advised to continue monitoring for updates to be incorporated in the Public Weather Forecast at 4:00 PM, 28 October 2019 and 4:00 AM, 29 October 2019. The next weather advisory will be issued at 11:00 AM, 29 October 2019.

II. ACTIONS TAKEN:

NDRRM Operations Center disseminated **Weather Advisory No. 01** to all OCD Regional Offices through SMS and facsimile and uploaded on the NDRRMC website for further dissemination to their respective local DRRMCs from the provincial down to the municipal levels.
