

NDRRMC UPDATE

Weather Advisory No. 01
for the Low Pressure Area (LPA) and Tail – End of a Cold Front

Releasing Officer:

UNDERSECRETARY RICARDO B JALAD
Executive Director, NDRRMC
and Administrator, OCD

DATE : 06 March 2020, 11:00 AM

Source: PAGASA-DOST issued on 06 February 2020, 11:00 AM

I. SITUATION OVERVIEW:

At 10:00 AM today, the Low Pressure Area (LPA) was estimated based on all available data at 145 km West of General Santos City over Moro Gulf (5.9° N, 123.9° E). The combined effect of the LPA and the tail-end of a cold front will bring scattered moderate to occasionally heavy rains over Visayas, Bicol Region, Zamboanga Peninsula, BARMM, Northern Mindanao, CARAGA, and the provinces of Marinduque and Romblon.

Residents in the aforementioned areas, especially those living in highly susceptible to flooding and rain-induced landslides are advised to take appropriate actions, coordinate with the local disaster risk reduction and management offices (LDRRMO), and continue monitoring for updates including the thunderstorms or rainfall advisories, heavy rainfall warnings issued by the PAGASA Regional Services Division.

II. ACTIONS TAKEN:

NDRRM Operations Center disseminated **Weather Advisory No. 01** to OCD Regional Offices **MIMAROPA, V, VI, VII, VIII, IX, X, CARAGA, and BARMM** through SMS and facsimile and uploaded on the NDRRMC website for further dissemination to their respective local DRRMCs from the provincial down to the municipal levels.
