

NDRRMC ADVISORY

TO : CHAIRPERSON, RDRRMC/OCDROs I, II, III, CALABARZON
MIMAROPA, V, VI, VII, VIII, IX, X, XI, XII, NCR, CAR, BARMM,
CARAGA

FROM : Executive Director, NDRRMC and Administrator, OCD

SUBJECT : Severe Weather Bulletin No. **17** for Typhoon
"AMBO" (I.N. VONGFONG)

DATE : 14 May 2020, 11:00 PM

Source: DOST-PAGASA issued on 14 May 2020, 11:00 PM

TYPHOON "AMBO" WEAKENS AFTER CROSSING THE SAMAR ISLAND AND IS NOW OVER THE TICAO PASS.

- The eyewall of Typhoon "Ambo" is bringing violent winds and heavy to intense rains over the southern Sorsogon and Ticao Island at this time. The eye of this typhoon may make landfall over the coast of Albay or the northern portion of Sorsogon in the coming hours.

Heavy Rainfall Outlook:

- Between tonight and tomorrow (15 May) evening: Moderate to heavy with at times intense rains over Bicol Region, Quezon, Northern Samar, Marinduque, Laguna, and Rizal.
- Between tomorrow evening and Saturday (16 May) evening: Moderate to heavy with at times intense rains over Northern Quezon, Bulacan, Nueva Ecija, Aurora, Nueva Vizcaya, Quirino, Isabela, Cagayan, Ifugao, Mountain Province, Kalinga, Apayao, and Benguet.
- Residents in these areas are advised to take appropriate measures, coordinate with local disaster risk reduction and management offices, and continue monitoring for updates, especially the local rainfall or thunderstorm advisories and heavy rainfall warnings from PAGASA Regional Services Divisions (PRSD). Flooding and rain-induced landslides may occur in highly to very highly susceptible areas during heavy or prolonged rainfall.

Coastal Water Conditions and Storm Surge Information:

- In the next 24 hours, storm surge height of more than 2.0 meters may be experienced over the coastal areas of Catanduanes, Camarines Sur (north and east coast), Camarines Norte, and Quezon (coast facing Lamon and Lopez Bays) and between 1.0 to 2.0 meters over the other coastal areas of Bicol Region, Quezon, and the coastal areas of Aurora, Samar (west coast), and Northern Samar (northwestern coast). Along with large swells, this storm surge may cause potentially life-threatening coastal inundation.
- Sea travel is risky for all types of seacrafts over the seaboard of areas under TCWS.

Location of eye/center:	At 10:00 PM today, the eye of Typhoon "AMBO" was located based on all available data 40 km West Southwest of Catarman, Northern Samar or 60 km Southeast of Juban, Sorsogon (12.4 °N, 124.3 °E)
Strength:	Maximum sustained winds of 130 km/h near the center and gustiness of up to 215 km/h
Movement:	Moving Northwest at 15 km/h.
Forecast Positions:	<ul style="list-style-type: none"> • 24 Hour (Tomorrow evening): 15 km East Southeast of Infanta, Quezon or 120 km South Southeast of Baler, Aurora (14.7°N, 121.8°E) • 48 Hour (Saturday evening): In the vicinity of Dumalneg, Ilocos Norte (18.5°N, 120.8°E) • 72 Hour (Sunday evening): 130 km Northeast of Basco, Batanes (21.3°N, 122.8°E) • 96 Hour (Monday evening): 1,075 km Northeast of Extreme Northern Luzon (OUTSIDE PAR) (26.7°N, 130.0°E) • 120 Hour (Tuesday evening): 1,885 km Northeast of Extreme Northern Luzon (OUTSIDE PAR) (32.7°N, 135.1°E)

Fe, Palo, Tacloban City, Jaro, Villaba, Kananga, Matag-ob, Palompon, Merida, Isabel, Ormoc City, Albuenta, Pastrana, Dagami, Tanauan, Tabontabon, Tolosa, Burauen, Julita, Dulag), the rest of Samar, the rest of Eastern Samar, the northeastern portion of Capiz (Pilar), the northeastern portion of Iloilo (Carles, Balasan, Estancia, Batad), and the northern portion of Cebu (Medellin, Daanbantayan, Madridejos, Bantayan, Santa Fe)</p>	<p>structures in exposed communities. Some banana plants are tilted, a few downed and leaves are generally damaged</p> <ul style="list-style-type: none"> ● Twigs of small trees may be broken ● Rice crops, however, may suffer significant damage when it is in its flowering stage.
<p>Areas under TCWS No. 1 will experience strong to near gale-force winds during the passage of the typhoon</p>			
<p>The public and the disaster risk reduction and management council concerned are advised to take appropriate actions and watch for the next Severe Weather Bulletin to be issued at 2:00 AM today.</p>			

In order to better inform/warn communities, you are reminded to disseminate these through local/community leaders and through your local media, including community radio stations. Conduct press briefings as often as needed. This local effort will

complement and reinforce efforts at the national level. Emphasis should be on proactive actions – evacuation rather than rescue.

Moreover, you are hereby directed to reiterate the guidelines on personal protection and hygiene such as respiratory etiquette and hand hygiene, social distancing, environmental, and food safety measures.

Let's untiringly aim for zero casualty.

Submit report on actions taken.

BY AUTHORITY OF THE CHAIRPERSON, NDRRMC:

 **UNDERSECRETARY RICARDO B JALAD**
Executive Director, NDRRMC and
Administrator, OCD
