

REPUBLIC OF THE PHILIPPINES
NATIONAL DISASTER RISK REDUCTION AND MANAGEMENT COUNCIL

National Disaster Risk Reduction and Management Center, Camp Aguinaldo, Quezon City, Philippines

NDRRMC ADVISORY

TO : CHAIRPERSON, RDRRMC/OCDROs I, II, III, CALABARZON
MIMAROPA, V, VI, VII, VIII, IX, X, XI, XII, NCR, CAR, BARMM,
CARAGA

FROM : Executive Director, NDRRMC and Administrator, OCD

SUBJECT : Severe Weather Bulletin No. **18** for Typhoon
"AMBO" (I.N. VONGFONG)

DATE : **15 May 2020, 2:00 AM**

Source: DOST-PAGASA issued on 15 May 2020, 2:00 AM

TYPHOON "AMBO" HAS CROSSED DALUPIRI, CAPUL AND TICAO ISLANDS AND IS NOW APPROACHING BURIAS ISLAND

- The eyewall of Typhoon "Ambo" is bringing violent winds and heavy to intense rains over Masbate including Ticao and Burias Islands.

Landfall Information:

- Past landfalls: Dalupiri Island, Northern Samar (10:15 PM yesterday); Capul Island, Northern Samar (10:30 PM yesterday); Ticao Island, Masbate (12:00 AM today)
- The typhoon is forecast to make landfall over Burias Island within the next hour and over Bondoc Peninsula in Southern Quezon this morning.

Heavy Rainfall Outlook:

- Until tonight: Moderate to heavy with at times intense rains over Bicol Region, Quezon, Northern Samar, Marinduque, Laguna, and Rizal.
- Between tonight and tomorrow (16 May) evening: Moderate to heavy with at times intense rains over Northern Quezon, Bulacan, Nueva Ecija, Aurora, Nueva Vizcaya, Quirino, Isabela, Cagayan, Ifugao, Mountain Province, Kalinga, Apayao, and Benguet.

Coastal Water Conditions and Storm Surge Information:

- In the next 24 hours, storm surge height of more than 2.0 meters may be experienced over the coastal areas of Catanduanes, Camarines Sur (north and east coast), Camarines Norte, and Quezon (coast facing Lamon and Lopez Bays) and between 1.0 to 2.0 meters over the other coastal areas of Bicol Region, Quezon, and the coastal areas of Aurora, Samar (west coast), and Northern Samar (northwestern coast). Along with large swells, this storm surge may cause potentially life-threatening coastal inundation.
- Sea travel is risky for all types of seacrafts over the seaboard of areas under TCWS.

Location of eye/center:	At 1:00 AM today, the eye of Typhoon “AMBO” was located based on all available data including those from Virac and Daet Doppler Radars at 55 km West Southwest of Juban, Sorsogon or 30 km North Northwest of Masbate City, Masbate (12.6 °N, 123.5 °E)
Strength:	Maximum sustained winds of 130 km/h near the center and gustiness of up to 180 km/h
Movement:	Moving Northwest at 15 km/h.
Forecast Positions:	<ul style="list-style-type: none"> • 24 Hour (Tonight): In the vicinity of Dingalan, Aurora (15.4°N, 121.4°E) • 48 Hour (Saturday evening): 40 km West of Calayan, Cagayan (19.2°N, 121.1°E) • 72 Hour (Sunday evening): 220 km Northeast of Basco, Batanes (21.8°N, 123.5°E) • 96 Hour (Monday evening): 1,155 km Northeast of Extreme Northern Luzon (OUTSIDE PAR) (27.2°N, 130.6°E)

Fe, Palo, Tacloban City, Jaro, Villaba, Kananga, Pastrana, Dagami, Tanauan, Tabontabon, Tolosa), the rest of Samar, the northeastern portion of Capiz (Pilar), the northeastern portion of Iloilo (Carles, Balasan, Estancia, Batad), and the northern portion of Cebu (Medellin, Daanbantayan, Madridejos, Bantayan, Santa Fe)		<ul style="list-style-type: none"> • Very light or no damage to low risk structures • Light damage to medium to high risk structures • Slight damage to some houses of very light materials or makeshift structures in exposed communities. Some banana plants are tilted, a few downed and leaves are generally damaged • Twigs of small trees may be broken • Rice crops, however, may suffer significant damage when it is in its flowering stage.
Areas under TCWS No. 1 will experience strong to near gale-force winds during the passage of the typhoon				
The public and the disaster risk reduction and management council concerned are advised to take appropriate actions and watch for the next Severe Weather Bulletin to be issued at 5:00 AM today .				

In order to better inform/warn communities, you are reminded to disseminate these through local/community leaders and through your local media, including

community radio stations. Conduct press briefings as often as needed. This local effort will complement and reinforce efforts at the national level. Emphasis should be on proactive actions – evacuation rather than rescue.

Moreover, you are hereby directed to reiterate the guidelines on personal protection and hygiene such as respiratory etiquette and hand hygiene, social distancing, environmental, and food safety measures.

Let's untiringly aim for zero casualty.

Submit report on actions taken.

BY AUTHORITY OF THE CHAIRPERSON, NDRRMC:

 **UNDERSECRETARY RICARDO B JALAD**
Executive Director, NDRRMC and
Administrator, OCD
