NDRRMC UPDATE

**Incident Monitored Covering the Period of
14 July 2020, 8:00 AM – 15 July 2020, 8:00 AM**

Releasing Officer:

UNDERSECRETARY RICARDO B JALAD
Executive Director, NDRRMC and
Administrator, OCD 

DATE: 15 July 2020

Source: OCD MIMAROPA

I. Progress Report on Road Slip and Soil Erosion Incident in Brgy. Landy, Sta. Cruz, Marinduque (MIMAROPA)

A. Situation Overview

On 8 July 2020, MDRRMO Sta. Cruz reported a road slip and soil erosion incident in the Municipality of Sta. Cruz, Marinduque which occurred on 1-3 July 2020 due to frequent moderate to heavy rains which triggered a road slip and massive ground movement.

The following observations were recorded:

- 2 July 2020 – noticeable small cracks in barangay road and nearby houses in Sitio River Side, Brgy. Landy, Sta. Cruz Marinduque
- 3 July 2020 – small road slip along Sitio Riverside Road, Barangay Landy was evident
- 4 July 2020- road slip continued, cracked in the area became large in size and was damaging about 100 meters in the Barangay Road.
- 5-8 July 2020-soil erosion still occurs even without rains.
- 9-13 July 2020-soil movement was observable.

B. Effects

- A total of 13 families / 51 persons were reported affected due to the incident.
- A total of 9 houses were damaged (5 totally, 4 partially), of which 2 are vacant houses while 6 are most likely to be affected.
- No casualties reported.
- Sitio Riverside, Brgy. Landy Road to Brgy. Bangcuangan, is passable to light vehicle (motorcycle).
- Affected houses were temporarily isolated/disconnected from the energized line while water supply is normal.

C. Actions Taken

OCD MIMAROPA

- Conducted continuous monitoring and coordination with MDRRMO Sta. Cruz and BDRRMC Landy.
- Provided 13 shelter repair kits thru PDRRMO Marinduque on 9 July 2020 to affected families.

DSWD SWAD Marinduque

Provided 13 boxes of Family Food Packs (FFPs) on 9 July 2020.

PRC Marinduque Chapter

Provided 13 packs of Food and Non-Food Items on 9 July 2020.

OCD MIMAROPA, MDRRMC Marinduque, and BDRRMC Landy

- Conducted field validation and ocular inspection in Sitio Riverside, Brgy. Landy, Sta. Cruz, Marinduque on 8 and 9 July 2020 together with DSWD SWAD Marinduque.
- Conducted coordination meeting with Local Chief Executive of Sta. Cruz on 9 and 13 July 2020.

II. Progress Report on Oil Spill Incident due to Barge Explosion in Bo. Obrero, Iloilo City (Region VI)

A. Situation Overview

- On 3 July 2020, at 2:45 PM, an explosion incident at Zone 3 of Bo. Obrero, Lapuz, Ilo-Ilo, City. This involved the power barge 102 Starboars Side owned by AC Energy Corp. The tank has the capacity of 320,000 liters of bunker oil which contains 200,000 liters bunker oil during the incident. The cause of the explosion is due to the welding works on the hull.
- Immediately, BFP deployed fire trucks, personnel ambulance to the scene to address the fire. However, the explosion caused the barge to leak and the spillage was contained by the personnel of the power barge but a small amount of oil leaked from the cordon. The same is now being attended by the BFP in coordination with the PCG.
- Recorded the following information:
 - a. Approximate Volume of Oil Spilt: 268,948.61 liters (as of 08 July 2020)
 - b. **Total Volume of Bunker Collected: 60,517.646 liters (bunker oil mix with water)**
 - c. **Contaminated Debris Collected: 1,940 kgs + 38 drums + 151 sacks**
 - d. Total Mangrove Area Affected: 88.8 ha (Barangays Tacay, Taminla, Umilig, Tanag, and Getulio of Buenavista, Guimaras and Zone III, Brgy. Bo. Obrero, Lapaz, Iloilo City)

B. Effects

AFFECTED POPULATION

- A total of **308 families / 1,091 individuals** were evacuated in District 21 Hotel, Diversion 21 Hotel, and Marriot Hotel due to the strong odor from the oil spill.

AFFECTED AREAS

C. Actions Taken

OCD VI

- **Conducted Emergency meeting on 14 July 2020 re Coastal Clean Up in Guimaras relative to Oil Spill.**
- Conducted RTF meeting re Updates on Oil Spill on 13 July 2020.
- Conducted an Oil Spill Assessment on the affected coastal areas in Iloilo City, Province of Iloilo and Province of Guimaras.
- Conducted daily 3:00 PM on the Updates of Oil Spill Response Operations with concerned agencies via VTC starting 4 July 2020.
- Scheduled conduct of assessment in oil spill affected areas in the region particularly Iloilo City and Guimaras on 11 July 2020.
- Conducted Meeting on the Updates of Oil Spill Response Operations with the concerned agencies via VTC on 4, 5, 7, 8, and 9 July 2020, all at 3:00 PM.
- Facilitated the turn-over of the donated 420 pcs. KATSA from Angelina Bakeshop through Philippine Red Cross (PRC) Iloilo Chapter at the Oil Spill ICP in CGWW District Office, Bo. Obrero, Iloilo City. It will be used as improvised spill boom.
- Distributed 150 pcs of gloves to CDWW District on 4 July 2020.
- Convened concerned RDRRMC members to provide updates on Oil Spill Incident Response Operations via zoom on 05 July 2020, 3:00 PM.
- Convened response agencies on the updates of Oil Spill incident response operations via zoom on 04 July 2020, 8:00 PM.
- Activated the Regional IMT and established ICP at Coast Guard Station Iloilo in Bo. Obrero, Iloilo City on 4 July 2020.
- Conducted series of coordination and small group meetings with CDRRMC Iloilo on 4 July 2020.
- Distributed 250 pcs of face masks to the affected families and 150 pcs to PCG.
- In close coordination with Iloilo City DRRM Office, CGDWW and concerned member agencies.
- Conducted emergency meeting via zoom on 3 July 2020, 10:00 PM
- Continuous monitoring of the AOR.

DILG VI

Coordinated with and alerted coastal LGUs in Iloilo and Guimaras for a possible spread of oil spill.

PCG VI

- MEPU-WV personnel continue supervising the Harborstar personnel in skimming/recovery operation at the said Barge.
- Continue Monitoring/Inspection of Threatened Areas.
- CGS Guimaras and Sub Station personnel together with MEPU-WV personnel continue conducted survey/recovery within the affected areas.
- DF-347/ AB-065/ AB-063/ RB-3006 & RB-074 conducted the laying of sorbent boom and absorbent pads at the vicinity waters of Iloilo-Guimaras Strait.
- CGS Guimaras conducted Coastal Clean-up in the municipalities of Buenavista and Jordan, Guimaras.
- CGS Iloilo deployed PCG Floating Assets to conduct laying of improvised spill boom and rented/donated spill boom and Sorbent boom/Absorbent pads.
- Continuous skimming by MEPU-WV personnel at the said Barge.
- MEPU-WV supervised the laying of additional spill boom 200 meters vicinity waters of Power Barge 102 conducted by Harbor Star.
- Continuous monitoring/inspection of threatened areas.
- CGS Iloilo and CGS Guimaras personnel conducted continuous oil spill recovery within the affected coastal areas.
- Continuous laying of improvised spill boom and rented/donated spill boom and sorbent pads/absorbent pads.
- On-going collection and recovery of spilt oil.
- Continuous monitoring/inspection of threatened areas.
- CGS Iloilo and Guimaras conducted coastal survey on the extent of oil spill.
- Continued conduct of skimming and scooping of oil spill.
- Recorded the following MARPOL Assets:
 - Additional 1 segment oil spill boon from Global Energy Power Corp and 10 segment oil spills from Petron Corporation were being laid out at vicinity waters of Loboc.
 - Additional 4 skimmers, 1 came from Petron Corporation.
- CGS Iloilo and CGS Guimaras conducted seaborne patrol to assess the extent of oil spill.
- AC Power Phil. Inc. was reminded to provide PPE's for personnel who are helping in the operations.
- Deployed District Deployable Response Team (DRT), DF-347, Rubber Boats of MCS-3004 & 3006, Aluminum Boats 065 & 063 assisted MEPU WV in laying 25 segments spill boom, spreading of absorbent pads and started collecting oil by means of scooping.
- Deployed personnel and assets in responding to the incident.

DOH VI

- Attended meeting at CGDWV Headquarters, Bo. Obrero, Lapuz and with City MSWDO and school principal for some issues and concern in the evacuation center.
- Coordinated with Iloilo DMO IV, CHO HEMS Coordinator, WASH Coordinator and Logistics Officer of DOH WV CHD.

- Attended VTC Meeting on 4, 5, 6, 8 July 2020 via ZOOM for the updates on Oil Spill Incident Response Operations.
- Conducted ocular visit at Barrio Obrero Gym and TIIC evacuation centers to ensure the observance of health protocols with DSWD VI as Head Cluster for Camp Management.
- Provided hygiene kits, masks, and medicines to the affected families.
- Conducted a meeting at CGDWW Headquarters, Bo. Obrero, Lapuz.
- Conducted a meeting with City MSWDO and school principal for some issues and concern in the evacuation center.
- Ensured augmentation of 2 Nurses in the Evacuation Center.
- Conducted assessment in the evacuation center re minimum health standard
- Visited site in the affected area.
- Coordinated with Iloilo DMO IV, CHO HEMS Coordinator, WASH Coordinator, and Logistics Officer of DOH WW CHD.
- Provided IEC materials like proper hand washing, respiratory etiquette, and proper way of putting on mask in the evacuation center.
- Provided a total of ₱ 72,153.80 worth of assorted medicines and supplies in the evacuation center.

DSWD VI

- Conducted an ocular inspection of the newly opened evacuation centers and provided technical assistance in Camp Coordination and Camp Management.
- Distributed the following assistance to the affected families:

Item	Qty	Cost per Pack	Total Cost of Assistance (₱)
Family Food Packs	248	360.00	89,280.00
Hygiene Kits	248	1,787.75	443,362.00
Comforters	248	1,300.00	322,400.00
Toys	440	donated	donated
Total Cost Assistance			855,042.00

- Provided technical assistance on Camp Coordination and Camp Management in Bo. Obrero Elem. School which served as evacuation center for the affected individuals.
- Provided sleeping kits and hot meals to affected individuals in the evacuation center.

BFP VI

- Deployed personnel and fire trucks and other equipment to suppress the fire and to contain the spill.
- Conducted mapping of the affected area and maintained infection control protocols.

DENR-EMB VI

- Conducted sampling activity in the oil spill site and site assessment in the affected areas, including the areas of Dumangas and Leganes, Iloilo.
- CENRO of Miagao, Iloilo conducted ocular inspection to affected mangrove area, around 1 hectare, and discussed rehabilitation plan.

BFAR VI

- Conducted evaluation of fish, seaweeds, shellfish and crabs from different areas affected by oil incident on 9 July 2020 wherein it found out negative from bunker oil.

- Issued the advisory informing the public that the fish caught from open waters and fishponds are safe for human consumption. However, shellfish, due to their nature as filter feeders, as well as seaweeds and crabs, from the affected areas, need further laboratory analysis to determine the level of contamination of bunker oil.
- On-going validation of oil spill incidents in reported areas that includes assessment of the critical habitat present (mangroves, coral reefs and seagrass) and re-validation of the number of fisherfolk affected as well as the cost of damages.

PRC-Iloilo Chapter

- Installed a 5-ton water bladder at the TIIC to provide additional water supply to the evacuees.
- Provided 420 pcs katsa to the ICP donated by Angelina Bakeshop through PRC.
- Provided hot meals to the evacuees in Bo. Obrero Elem. School.

National Resilience Council

- Coordinated with LGU Ilo-Ilo to possibly engage UP Marine Science and UP NIGS in managing the oil spill if needed.

CDRRMC ILOILO

- **Conducted Operations briefing re Oil Spill tackling the update on current situation, deployed resources, and daily operations per cluster.**
- **Conducted storytelling, art activities for children ages 3-7, and prayer sessions at Marriott Hotel and District 21.**
- **Turnover of donations of AC Energy to Iloilo City Government.**
- Ongoing transfer of evacuees from Jalandoni Memorial Elementary School to hotels such as District 21 Hotel, Diversion 21, and Marriot Hotel.
- CSWDO initiated meetings with AC Corp, CHO, CDRRMO and Punong Barangays re the management of the evacuees at the 3 hotels.
- As of 10 July 2020, 9:30 PM, Bo. Obrero ES was cleared of evacuees.
- Transfer of 18 families from Technical Institute of Iloilo City to Diversion 21 Hotel and 25 families from Technical Institute of Iloilo City to Marriot Hotel.
- Deployment of Medical Teams to hotels catering to evacuees.
- Deployment of police assistance desks in the hotels catering to evacuees.
- Visited 5 evacuation centers which were activated due to the incident together with AC Energy and concerned government offices.
- Conducted a meeting with Mansaya Incident Management Team, AC Energy, CHO, CSWO and CENRO to discuss possible support to the affected families due to the loss of livelihood and health impacts
- Brgy. Calumpang distributed food packs to the 56 fisher folks headed by the President of Fisher Association.
- Shared drone shots taken.
- Facilitated the delivery of 5 truckloads of rice hulls from the Municipality of Oton and a truckload of coco husks from the composting plant of the City Government.
- The Local Government Unit of Iloilo City provided a total of ₱719,792.20 worth of Food and Non- Food assistance.
- Convened the Barangay Councils of Bo. Obrero, Mansaya and Loboc with AC Power Barge, the CDRRMO, UPV via zoom meeting re the local initiatives

related to the conduct of coastal clean-up following the oil spill and the fabrication of the improvised spill booms to be installed in coastal communities among others.

- CDRRMO conducted a quick orientation on the latest situation on the oil spill with the Barangay Councils of Bo. Obrero, Mansaya and Loboc with AC Power Barge including the Harbor Star (third party) and its effect in the coastal areas using the drone shots.
- Conducted crowdsourcing for the environment friendly materials needed for the fabrication of the improvised spill booms.
- Harbor Star deployed 45 people (cash for work basis) to lead the coastal clean-up in the Zone 3 area of Bo. Obrero and Mansaya.
- CSWDO, Cluster Lead for the Food and Non-food items and Camp Management and Camp Coordination Cluster met with the Punong Barangays of Loboc, Mansaya and Bo. Obrero re the needs for additional evacuation centers given the increasing number of families that expressed interest to evacuate.
- CENRO conducted a meeting and status update with the Barangay Incident Management Team.
- GSO and CEO facilitated the installation of water tank at the evacuation center.
- BFP Iloilo City provided potable water at the evacuation center.
- CDRRMO, ICPO CHO, and BFP conducted an ocular inspection to assess the extent of oil spill.
- CSWDO provided 139 sets of NFIs, consisting of 2 blankets, 2 mats, 1 mosquito net, and 1 water jug.
- CDRRMO coordinated with the neighboring LGUs such as Leganes, Oton and the Province of Guimaras re the presence of oil spill along respective coastal areas.
- CDRRMO coordinated with partners re activities addressing oil sludge and improvised spill booms among others.
- CENRO engaged the representatives of AC Energy Corporation Power Barge 102 relative to the facilitation of the operations on oil spill and in tapping the services of the affected individuals in making improvised spill booms.
- Convened together with CENRO, BFP, PCG, BDRRMC Barrio Obrero, Petron and Shell to assess the current situation.
- CENRO Iloilo assisted in assessing the necessary protocols to reduce hazard in the environment and community.
- Iloilo City Health Office provided medical needs of 43 patients who complained of difficulty of breathing, sore throat and nasal congestion.
- PSTMO facilitated the hauling and installation of tents at the evacuation center.

PDRRMO Guimaras

- Conducted ocular site inspection in the Municipality of Joran and Buenavista
- Conducted training for workers for the affected barangays of Jordan and Buenavista on how to proper Clean-up Operation.
- Created EO No. 57 s. 2020 re an order Organizing the Guimaras Incident Command System (GICS) Team for July 3, 2020 Ayala Corporation Oil Spill Tragedy.
- Conducted 1st Task Force Meeting for the Response Management of Oil Spill Tragedy.

- Conducted training for workers for the affected barangays of Jordan and Buenavista on how to do the Proper Clean-up Operation.
- Conducted Emergency Meeting for Plan of Action.
- On 05 July 2020, the team of PDRRMO and Coast Guard Station Guimaras went to the identified coastal barangayas (Sawang, Zaldivar, Magsaysay, Sto. Rosario, Rizal and Montpiller in Buenavista) and Rizal (Hoskyn and Morobuan in Jordan) to assess the extent of the oil spill.
- PCG Guimaras personnel conducted lecture to the affected on how to use the spill boom to ensure that the oil spill will not spread further.
- Assessed the extent of damage along the coastal areas of Buenavista using a drone, of which, other barangays affected are – Dagsaan, Getulio, San Miguel, Navalas, Umilig and Morobuan in Jordan.
- Assisted the people in the affected barangays to make fabricated spill boom by using used clothing.
- Collected pertinent data in preparation for RDANA.
- Constantly monitored the affected areas and directed the BDRRMOs to coordinate and update PDRRMO and Coast Guard Sub-Station.

MDRRMC Leganes

- Installed improvised spill boom, bamboos to serve as floater with used clothes to 6 coastal barangays.
- ***Deployed 50 volunteers for immediate installation of improvised oil spill boom to 6-kilometer shoreline from 10 July 2020 SitRep.***

MDRRMC Dumangas

Conducted ocular inspection at the Municipal waters and coastal areas to check the extent of oil spill.

BDRRMC Barrio Obrero

Deployed local assets to assist in containing the oil spill.

AC POWER CORP. (Owner of the power barge)

- ***Provided accommodation (District 21, Diversion 21 and Marriott Hotel) as evacuation centers and other needs of the affected families and individuals.***
- Conducted pre-planing workshop regarding the reintegration plan for the evacuees.
- Deployed staff at evacuation centers to address concern of the evacuees.
- Hired 35 civilians to augment PCG for the clean-up and 8 motorbancas for manual scooping.
- Provided psychological needs of the affected families inside evacuation centers.
- Locally hired workers by AC Energy Power Corp started the fabrication of the improvised spill booms using rice husks
- Hired a third-party contractor to facilitate the skimming and scooping operations to contain the oil spill.

POWER BARGE 102

- Recorded the following Assets:
 - 1 skimmer from Cebu arrived on 7 July 2020, totaling to 5 skimmers being deployed in the affected area;
 - 1 additional skimmer from Phoenix to arrive soon;
