Situational Report for Barangay and Sangguniang Kabataan Elections (2023)

SitRep No. 3 for the Barangay and Sangguniang Kabataan Elections (2023)

October 31, 2023 08:00 am

The Barangay and Sangguniang Kabataan (BSK) represent the smallest units of government in the Philippines, and an election is scheduled for October 30, 2023, to select their officials. These elections are of paramount significance, as they will determine the leaders of the smallest political and administrative units in the Philippines, the barangays. Barangay officials play a pivotal role in the provision of basic services and the resolution of community disputes. Sangguniang Kabataan officials, on the other hand, represent the interests of the youth in the barangays.

Each Barangay is led by a barangay captain, which serves as the chief executive, and is composed of 7 Barangay Council Members and 1 Barangay Youth Council Representative (SK Chairperson). There are a total of 42,027 barangays across the country.

Simultaneously, elections will be held for the reformed Sangguniang Kabataan (youth council), which has a structure similar to the Barangay Council. Youth aged 15 to 30 years will choose an SK chairperson, who will also be a member of the Sangguniang Barangay, along with 7 SK councilors in their respective barangay.

Originally scheduled for May 2022, the elections were rescheduled to December 2022 due to the enactment of RA 11462 in July 2019. This extension of the B/SK officials' term to 5 years was deemed necessary by the legislative branch to provide more time for project implementation. In June 2022, RA 11935 was enacted, moving the BSK elections to October 2023.

Winners of the 2023 BSK elections will serve until 2025, with subsequent elections held every three years.
