

Situational Report for Undas (2024)

SitRep No. 4 for Undas (2024)

November 04, 2024 08:00 am

All Saints' Day and All Soul's Day are celebrated by Filipinos every 01 November and 02 November of the year to pay respect to beloved dead relatives and friends. On this annual commemoration, locally termed "UNDAS", millions are expected to travel back to their respective provinces and expected to flock cemeteries around the country in observance of Undas 2024.

SPECIAL WEATHER OUTLOOK FOR UNDAS 2024 (30 October - 02 November 2024)

Tropical Cyclone (TC) LEON and its trough will be the dominant weather systems that will affect the entire archipelago during UNDAS,

On Wednesday until Thursday (October 30-31), Tropical Cyclone LEON will bring stormy weather over Cagayan Valley and Apayao, and rains with gusty winds over Ilocos region, rest of Cordillera Administrative Region (CAR), Aurora, Quezon, and portions of Bicol region and Samar provinces. Cloudy skies with scattered to widespread rains will be experienced over Antique, Occidental Mindoro, and Cavite. Flooding and landslides are expected in low lying and in mountainous areas due to prolonged rains. Metro Manila, rest of Bicol Region, rest of Central Luzon, rest of CALABARZON, rest of MIMAROPA, rest of Western Visayas, Negros Island Region (NIR), and Zamboanga Peninsula will be cloudy with scattered rains and thunderstorms. The rest of the country will have partly cloudy skies with isolated rainshowers or thunderstorms mostly in the afternoon or evening.

On Friday (November 1), Occidental Mindoro will still experience scattered to widespread rains while Metro Manila, Ilocos Region, CALABARZON, Central Luzon, rest of MIMAROPA, Western Visayas, Negros Island Region (NIR), Apayao, Babuyan Islands, and Batanes will be cloudy skies with scattered rains and isolated thunderstorms. The rest of the country will have partly cloudy skies with the possibility of isolated rainshowers or thunderstorms.

On Saturday (November 2), Occidental Mindoro and Palawan will have mostly cloudy skies with scattered rains and isolated thunderstorms. Metro Manila and the rest of the country will be partly cloudy apart from localized rainshowers or thunderstorms.

Strong to typhoon-force winds coming from the northwest to southwest may prevail over Northern Luzon and the eastern section of Central Luzon. Moderate to strong westerly to southwesterly winds may affect the rest of the western and eastern sections of the country, while light to moderate winds over the rest of the archipelago.

Bohol - Inabanga

Municipal Disaster Risk Reduction and Management Council

- Local Chief Executive is within his Area of Responsibility.
- Local DRRM officer attended the weather updating session at 2:30pm facilitated by OCD region7
- Inabanga Department of health personnel and staff deployed in cemeteries

Bureau of Fire Protection (BFP)

- BFP Personnel were already deployed in cemeteries.

Philippine National Police (PNP)

- PNP Personnel were deployed to their respective area of assignment
- PNP Chief PMAJ John Khalev Deil Sanchez personally conducts roving and monitoring in every cemetery within his area of responsibility.

CAFGU (Citizen Armed Force Geographical Unit) at Barangay Datag Detachment
-1 batallion of CAFGU led by SGT. CASTRO on standby

Bohol - Valencia

- Conduct hazard mapping in high-traffic areas, including cemeteries, churches, and public transport hubs.
- Identify potential risks, such as overcrowding, heatstroke, minor injuries, theft, and road accidents.

Coordination with Agencies

- The partnership includes collaboration with key agencies for public safety and emergency support: the PNP for crowd control, BFP for fire and medical assistance, PCG, Barangay Officials, Bantay Bayan, and Task Force for additional manpower to support the PNP, MDRRM Office for overall coordination, and the Municipal Health Office for medical response and first aid stations.

Communication Plan

- Public information dissemination: Announce safety protocols through social media, and public advisories in strategic areas.
- Emergency contact numbers: Display emergency contact numbers prominently in public spaces.
- Public address systems: Install speakers for announcements at crowded areas to guide visitors in real-time.

First Aid and Medical Response

- Set up first aid stations at strategic locations around the event areas.
- Deploy a team of nurses, and first responders on standby.
- Position at least two ambulances on standby for emergency transport.

Crowd Control and Traffic Management

- Crowd control and traffic management involve PNP officers stationed at key points, traffic rerouting plans around event areas, and clear signage and barriers to guide pedestrian and vehicle flow, including marked emergency evacuation routes.

Pre-Event Preparations

- Conduct safety inspections and identify potential hazards.
- Coordinate with local hospitals to ensure readiness for a possible influx of patients.
- Install directional and emergency signage at event locations.
- Test communication lines between agencies, volunteers, and local officials.

Bohol - Danao

- Conducted coordination meeting with the different response clusters.
- Set -up Public Assistance Desk along the emergency response/medical teams in the major cemeteries in the municipality.
- Insure maintenance of peace and order throughout the Kalagkalag 2024.
- Conducted inventory of all resources and repositioning equipment in strategic places.
- Awareness campaign to minimum public health and standards.
- Maintain police presence in all places of convergence.

Bohol - Pres Carlos P Garcia

PRE- "KALAG-KALAG

- Activate Emergency Operation Center for Coordination and Preparedness during the Celebration of Kalag-kalag.
- Install Emergency Hotlines in the different Cemeteries in the Municipality.
- Distribute hand-held radios to the DRRM personnel and have it tested if the place is reachable through it.
- Make contacts with the Church head for the activities that will be flocked by people and creating plans on how to lessen the accidents.
- Preparing the necessary equipments and tools for the "Kalag-kalag".

DURING "KALAG-KALAG"

- Have a standby vehicle ready, equipped with the tools and equipments to assist the people in case of an accident.
- Coordinate with the PNP, BFP and RHU for the smooth sailing "Kalag-kalag" celebration.
- Assign DRRM personnel to monitor the situation of people during an activity. During kalag-kalag, there will be three cemeteries that will be stationed by the DRRM personnel namely, Aguing, Pitogo and Bonbonon. The personnel will also be subdivided into three groups having one as their leader, one as driver and the rest will be lifters. One unit will also be tasked for the roving duties, two personnel will be stationed at the Operation Center and the other one unit will be on standby at Union port if in case there is a need to transport patient to Don Emilio del Valle Hospital.
- Communicate with the Hospital to have standby nurses/personnel for the fast and immediate first aid when there is an accident.

PATIENT MANAGEMENT

- Assess Patient- THE GENERAL PUBLIC.
- Rural Health Unit, if present will automatically do the assessment.
- Should there really be an incident during the "Kalag-kalag" caused by the hazards listed above, the patient will be aided through the help of the participating departments specifically, the Nurse and the representative of Rural Health Unit. He/she will be treated with the tools and drugs that are readily available in the vehicle.
- If needing hospitalization, communicate and inform Command Center which will coordinate the RHU staff for the admission and transport of patient to nearest or preferred hospital.

TRANSPORT MANAGEMENT

- There are three vehicles available for the "kalag-kalag" celebration. One will be on standby at Poblacion cemetery, the other one will be on standby at Aguing cemetery and the other one will be on standby at Bonbonon cemetery. Aside from the three vehicles that are on standby, one vehicle will also be on roving. With the vehicles are the Personnel of the DRRM grouped into three with assigned leaders per station.
- If there is an accident during the Kalag-kalag, these vehicles will be available for the transport of patients if he/she needs to be transported. The personnel assigned in that specific vehicle, will be the one to manage the situation and will also transport the patient.

DRUGS MANAGEMENT

- Collaborate with the Hospital and RHU representative regarding the drugs that are available within the vicinity.
- Coordinate with the first aiders as to the needed medicine or drugs when there is an accident.
- Ensure proper packaging, storing and labeling of the drugs to be used so that there will be no room for error during the said activity.
- Provide effective medication therapy management to the patient.

PERSONNEL MANAGEMENT

- The Office of the Disaster Risk Reduction and Management will be on full force during the duration of the "kalag-kalag". All personnel will be deployed in the said venue for the roving and monitoring of the situation. There will be 2 people staying at the office for the reception of emergencies and for other concerns related to the celebration of "kalag-kalag".
- Wear required and proper Personal Protective Equipment (PPE) in responding to incidents. No responder will be allowed to respond without PPE.
- Maintain Situational awareness at all times and relay significant information to incident commanders.
- Coordinate and collaborate with the PNP, BFP, RHU and Hospital representatives for the better and fast response to any hazard that may arise.

Bohol - Candijay

- The Municipal EOC has been activated and is operating under BLUE ALERT status, ensuring real-time monitoring and quick response capability for any emergencies.
