- Conducted clearing operations in Mauban-Tignoan Road
- Installed warning and safety devices with assistance from LGU in Brgy. Bataan, Sampaloc, Quezon
- All MPPs, Operators, Maintenance Crew and Equipment are on alert status and ready for emergency response.
- Continuous monitoring of national roads and bridges.
- Continuous monitoring of Shear Line thru PAGASA weather bulletin updates

### P/M/C DRRMOs

- Continuous monitoring of the situation within the AOR.

### LAGUNA PDRRMO

- Continuous dissemination of advisories and announcements via social media such as Facebook, Email, Cell phone, DRRM-MS and centralized radios.
- Activated IMT using Incident Complex as Management option
- Continuous monitoring and coordination with PDRRMC and C/MDRRMC re: weather situation and any untoward incidents.
- Posted IEC for Flood on social media (Facebook account and Page)
- Conducted inventory and maintenance of supplies and equipment for augmentation.
- Rescue vehicles and other equipment are on stand and ready for augmentation.

### QUEZON PDRRMO

- Continuous monitoring and coordination with LDRRMOs re weather situation and any untoward incidents
- Ensured the full operations of LDRRM EOCs and IMTs.
- Verified the availability of resources listed by council members in the inventory
- Encouraged all LGU EOCs to generate Situational Reports in compliance with the guidance from the PDRRMC / RDRRMC
- Maintained closed and timely coordination with Local DRRM Offices and lined agencies
- Ensured active participation of partner NGOs, radio groups, transportation, and community volunteers as force multipliers in providing services during emergency management, road safety, and community watch during the operational period
- Ensured the availability of funds vital to the rolling-out of operations
- Managed requests, procurement and utilization of resources

### INFANTA MDRRMC

- Continuous dissemination of advisories and announcements via social media
- Continuous monitoring of the situation within the AOR
- Continuous debris clearing in Agos River in partnership with DPWH

## MAUBAN MDRRMC

- Continuous monitoring of all status and reports from all barangays
- Continuous monitoring of weather situation and weather updates from PAGASA
- Conducted inspection in flood and landslide-prone areas and incidents reported by Barangay Officials
- Deployed resources to assist in the Pre-emptive Evacuation
- MEO deployed heavy equipment to assist in the clearing operations in Barangays affected by landslide and soil debris in the national road
- MSWDO activated LGU-Managed Evacuation Center and deployed personnel to manage the same
- MENRO deployed one personnel as member of the IMT and check-in three (3) trucks to assist in pre-emptive evacuation and logistical operation

## TAYSAN MDRRMC

### TAYSAN MDRRMC
