SAN PEDRO CDRRMO

Here's the revised version with proper spacing:

City Fire Auxiliary Unit (CFAU) and San Pedro Aktibo Rescue Crew (SPARC) responded to the incident and conducted fire suppression activity together with resources from the following BFP stations: San Pedro City, Imus City, Carmona City, Biñan City, Cabuyao City, General Mariano Alvarez, Los Baños, Dasmariñas City, Bay, Tanauan City, Santa Rosa City, and FV NJAS and UKC Munti.

Deployed assets and resources during the conduct of fire suppression.

Vigilant monitoring, reporting, and information dissemination of the incident.

Prepared Evacuation Centers & Evacuation Teams (IDPs Personal Space, 1-way entrance and exit, toilet and sanitation facilities, waste management, infirmaries, ERID Protocols).

Ensured the safety of all responders.

Strict monitoring of the incident for possible backup from other municipalities.

Standby water tankers and nearby Fire Brigades for additional backup.

Continuous coordination and situation consolidation with BFP.

Activated ICS/IMT and established ICP.

Evacuation Team and Transportation Team are on standby.

Propositioned evacuation supplies and rescue equipment.

Coordinated with CSWD for camp management.

Delivered relief packs (FNFI) to five affected families at Sitio Bayan Bayanan, Brgy San Vicente.

PCG San Pedro set up a barricade to contain the oil spill from San Isidro River.

Provided relief goods and financial assistance to affected families.

Conducted coordination meeting with PCG Laguna, PNP, and BFP San Pedro.

Coordinated with PCG and Biñan City DRRM Office for possible augmentation of water assets/resources for the ongoing oil spill operations.

Installed improvised oil spill barriers at San Isidro River (Pulong Candy Brgy San Roque area).

Started manual clean-up of oil spill at San Isidro River (Brgy. Sto Niño Area).

Installed oil spill booms at San Isidro River, Brgy San Roque area.

Lifted ICS management option from Area Command to Single Command.

Conducted situation update, adjusted strategies and tactics in response to the oil spill incident together with the Response Cluster and Incident Management Team for San Isidro River Oil Spill incident.

CDRRMO Head held media briefing regarding fire and oil spill incident.

Various National Agencies and Local Government Unit (LGU) offices united for an extensive Inter-Agency Clean-Up Drive along the San Isidro River on 05 February 2025

The CDRRM Council together with the Response Cluster and Incident Management Team for San Isidro River Oil Spill incident conducted Situation update, damage assessment, issues and concerns in response to the oil spill incident on 25 February 2025

CDRRM Council conducted meeting and passed an CDRRMC Resolution concurred by LLDA, DENR-PENRO, and PCG for the formal termination of oil spill response at San Isidro River (no more traces of oil and physically clean upon joint assessment).

SAN PEDRO CSWD

Facilitated processing of financial assistance for the affected families.

SAN PEDRO CHO

Conducted IEC and healthy lifestyle sessions at Brgy. Sto. Niño for the affected residents of the oil spill.
Conducted IEC and healthy lifestyle sessions at Brgy. San Vicente for the affected residents of the oil spill.
Conducted coordination meeting with the Council members.
Continuous delivery of QUAD Cluster Health services with the inclusion of surveillance and health promotion for the community and responders.
Continuous distribution of face masks to the community and the personnel involved in the clean-up drive.
Conducted water testing in various households near the San Isidro River together with the City DRRMO and National Reference Laboratory - East Avenue Medical Center in coordination with the Health Emergency Management Bureau - Center for Health Development CALABARZON.
Conducted assessment (check-up) of all responders of oil spill operations that are experiencing signs and symptoms of effects from the oil spill.
Distributed N95 masks together with the Barangay Health Workers of different barangays to the residents residing near the oil spill incident in San Isidro River.
Attended coordination meeting with the CDRRM Council.
Activated WASH Team.
Advised the BHERT to conduct public announcements, especially to those residents near the river contaminated with oil.
Instructed all hospitals in the City of San Pedro to report any incident related to the oil spill.
Instructed the responders to wear PPEs during clean-up operations.
Coordinated with San Pedro Public Affairs and Information Office for public awareness regarding oil spill and its health hazards.
Conducted medical check-ups for the Philippine Coast Guard.
Coordinated with HEMB and PHO Laguna for other logistics and reports needed.
Provided potable water to the Incident Command Post.
Implemented proper oil and oil-contaminated materials disposal protocols.
CHO provided personal protective equipment for oil spill response.
Continuous monitoring of households directly affected by the oil spill incident for possible contamination of water sources and waste disposal, conducted by the Philippine Coast Guard and our City Sanitation Office.

BINAN CDRRMO

Provided floating barge to aid in the ongoing oil spill cleanup operations and protect local waterways.

LAGUNA RED CROSS

Assisted in the provision of hot meals and food packs to affected families.

CAVITE PROVINCE

Provision of 3 sets of spill boom, 100 boxes absorbent pads and 30 sacks of coconut husk
